Re: Technical Justification Letter Pertaining to FCCID:CJ6UPA3839WL,

OET Staff:

This is to justify 802.11b/g/n card, Model Name: PA3839U-1MPC is installed in a different portable host, Model NB500/505. There is no change on the module hardware and the antennas used in the portable host is the same antenna type as the previous with less gain by comparing to the certified antennas included in the original modular approval, and output power remains unchanged. Therefore EMC tests were not performed.

If you have any questions regarding this application, please feel free to contact me at (949)587-6473.

Sincerely yours,

Sincerely,
