

Re: Change Listing Authorization for listing PPD-AR5BHB116 to CJ6UPA3920WL under Toshiba

Date: December 14, 2010

To Whom It May Concern:

We are aware that Toshiba intends to market the above referenced Atheros product PPD-AR5BHB116 under the Toshiba FCC ID: CJ6UPA3920WL. With this letter, we authorize representatives of Toshiba to apply to the FCC for a change in identification per 47CFR2.933 of the FCC rules.

After the product original FCC approval, there was a class II permissive change on December 14, 2010 that changed the product to portable category to the most conservative separation distance of 1.5 cm. Please transfer this grant condition to Toshiba when approving this FCC ID change. Also, per the condition with the original FCC grant, the device will be used with PIFA antenna up to 3.62dBm peak antenna gain including cable loss. Toshiba's changed FCC ID will have the same condition.

Sincerely,

Caroline Yu
