This is to certify that model JHS-500 VHF Radio Equipment complies with FCC performance standards including IMO resolution A.609 (15) and ITU-R Recommendation 493-4. This equipment has been tested in accordance with the requirements contained in the appropriate Commission regulations. To the best of my knowledge, these tests were performed using measurement procedures consistent with industry or Commission standards and demonstrate that the equipment complies with the appropriate standard. Each unit manufactured, imported, or marketed, as defined in the Commission's regulations, will conform to the sample(s) tested within the variations that can be expected due to quantity production and testing on a statistical basis.
