JSS-2250N/JSS-2250 RF Exposure Attestation

The JSS-2250N/JSS-2250 are designed to be fixed mounted with the radiating antenna located at a distance of more than 1.9 meters from the body of the user or nearby persons. This equipment is to be installed by a Japan Radio Co. Ltd service centre or agent. When installed in accordance with the Japan Radio Co., Ltd installation instructions, the JSS-2250N/JSS-2250 are considered to be physically secured at one location and is not able to be easily moved to another location. The JSS-2250N/JSS-2250 are therefore not mobile devices and is categorically excluded from routine environmental evaluation for RF exposure prior to equipment authorization or use."
