Correspondence Re: 30908

To Whom It May Concern:

We are formally requesting that the FCC defer this application so that we may have more time to gather the information that you have requested.

In order to comply with your requests outlined in the correspondence referenced above, it will be necessary for us to retest our unit to comply with certain parts of the CFR.

Once we gather the required information, we will immediately upload the information to the FCC website and advise you that our submissions have been completed.

Please let me know if you have any questions or concerns.

With Best Regards,

Eric D'Ancicco  
Service Coordinator & Product Support
