Users Manual RF Exposure Warning Statement**

Dear Frank / Kwok:

In response to your e-mail dated December 17, 1999, Hyundai Electronics Industries Co., Ltd. hereby confirms that we will implement the following RF exposure warning statement in the users manual:

"For body-worn operation, the back of the phone should be kept at least 0.5 inch away from the body when transmitting. Belt-clips, holsters, and similar accessories used by this device must not contain any metallic components, and must provide a minimum separation distance of 0.5 inch between the back of the phone and the user's body to satisfy FCC RF exposure compliance requirements. The use of non-tested accessories or other body-worn configurations may exceed FCC RF exposure limits and should be avoided."

If you have any further questions regarding this matter, please do not hesitate to contact PCTEST Lab at (301) 596-2120.

Sincerely,
