1. Label Placement

The FCC Label should be placed inside the battery compartment on the hinged cover section, where it will clearly be seen each time the battery is accessed for charging.

Placement on the outside of the controller housing is not permitted due to the highly aggressive nature of the Industrial operating environments, where any labels would be destroyed within a short period of time.

Unit Contains FCC ID:CN27700L

Model 7700L

Freq 406.1125-419.9875MHz

Ser # XXXXXXXXXXXX
