Regarding 2.4GHz Spectral Behavior of the Radio FCC ID: CN290273, IC: 1007A-90273, Model Number: 90273 TRX

To Whom It May Concerns:

Cattron developed the 2.4GHz section of Radio (FCC ID:CN290273, IC:1007A-90273) by reusing the radio module (FCC ID:CN290275, IC:1007A-90275) 2.4GHz radio section including the hardware and software.

Both radios have the identical RF performance regarding frequency range, power spectral density, peak power output, occupied bandwidth, DTS bandwidth, modulation, etc. at 2.4GHz under FCC part 15.247 and IC RSS-247.

Sincerely,

A handwritten signature in black ink, appearing to read "D Stagg", with a stylized flourish at the end.
