

FCC / ISED Canada e-label Information

RMN: AMFR1

e-label image

To find Regulatory Information (e-label) in the device:
DASHBOARD > “Preference” > “Regulatory”

Notes:

1. No special access codes, permissions, or Internet access are required to access to e-label.
2. Users are provided instruction on how to access the e-label in the in-box document.
3. The e-label is pre-programed by the grantee. The user cannot modify the e-label information.
4. FCC ID will be placed on product packaging sleeves.
