FM T55C(D) External Photos		

All photographs in this document are of the FM T55C. Extra notes are provided to describe the FM T55CD based on these photographs.

I. Photographs

Figure 1: Back and top of unit

In this Figure 1, a cap is put on the Dante port for the FM T55C. For the FM T55CD model, an add-on module is placed inside the chassis and this cap is removed to reveal another RJ-45 port.

Figure 2: Front and top of unit

Figure 3: Bottom of unit with labels

For the FM T55CD, the labels will show the model number as: FM T55CD.

Figure 4: Front, top, and right sides of unit

Figure 5: Bottom, back, and left sides of unit
