Attention: Application Examiner
Re: Request for confidentiality
Applicant: Williams AV

FCC ID: CNMFMT55C

Request is hereby submitted by Williams AV to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifier. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are requested to be kept permanently confidential:

- Schematics of Radio
- Operational Description
- Frequency Block diagram of each Radio

The above-mentioned document contains detailed system and equipment descriptions that are considered proprietary information. The public disclosure of the above documents may give Williams AV competitors an unfair advantage in the market.

In addition to the above-mentioned documents, pursuant to Public Notice DA 04-1705 of the Commission's policy, and in compliance with the marketing regulations in 47 CFR §2.803 and the importation rules in 47 CFR §2.1204, we are requesting the commission grant short-term confidentiality to the following attachments for 180 days:

- External Photos
- Internal Photos
- Test Setup Photos
- User Manual

This request is intended to ensure that business-sensitive information remains confidential until the actual marketing of the newly commercialized devices. It is our understanding that all measurement test reports, the FCC ID label format and correspondence during the certification review process cannot be granted as confidential documents and those will be available for public review once the grant of equipment authorization is issued.

The fee for confidentiality has been submitted along with the fee for certification. If you have questions or need further information, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Per Danzl", written over a horizontal line.

Per Danzl,
VP of Engineering
Williams AV
A division of Williams Sound Holdings II, LLC
