

# ***Test setup photos of EUT***

## 1. Orthogonal planes of EUT

- The testing was set in the two orthogonal planes and measured for each position (X, Y, Z).

### A. X-axis

### B. Y-axis

## 2. Worst case of orthogonal planes each frequency band

- Test setup photos for each mode were reported as representative worst axis after radiated measurements for each position were complete.

### A. Photo of Radiated Spurious Emission Test (Below 30 MHz)

### B. Photo of Radiated Spurious Emission Test (30 MHz ~ 300 MHz)

## C. Photo of Radiated Spurious Emission Test (300 MHz ~ 1 GHz)
