To Whom It May Concern,

CERTIFICATION DEPARTMENT AT TIMCO ENGINEERING, INC.
AN INDUSTRIAL INSPECTION & ANALYSIS, INC. COMPANY
(352) 472-5500 | timcoengr.com

Here is our request for FCC Filing:

This is to request a certification re-assessment for Class 2 permissive change for FCC: **CW21100-5**
Model names: **1100-3, 1100-3D (new model designation) and 1100-5.**

The major change filed under this application is to add one additional antenna types with new model number (1100-3D) to the certification. The transmitter board has remained unchanged from the original filing but the digital board used for all models has been revised by updating the GMSK modem.

Additional Antenna: External Helical antenna with an antenna gain of 0dbi in the range of 150 – 174 MHz marketed under model no. 1100-3D.

Note: Model No. 1100-3D is the same as 1100-3 and 1100-5 except for the antenna type.

Please let us know if you have any questions.

Regards,

A handwritten signature in black ink, appearing to read "Rick Hiebert", is shown on a light gray background.
