Hi! Dennis,

We have added description "The test was performed with the operation of continuous transmitting to be set as the maximum data rate" in the test report for all the models we submitted to you.

We assume that it would meet your comment.

If it is sufficient, we will upload the test reports we revised as soon as possible.

We will be expecting to receive the Grant and the Certificate tomorrow morning.
Sorry for pushing you hard.

Best regards,

Yoshiko
