Dear Charvey,

Thank you for your reply and my answer is as belowing.

8/29/2007

Q1. In accordance with FCC 15.214, Cordless Telephone Systems are allowed to be approved under one FCC ID number. However, it is also stated that:
When a single application form is submitted, both the base station and the portable handset must carry the same FCC identifier.
The label exhibit submitted only shows the FCC ID label and location for the base unit. Please also submit the FCC label and location exhibit for the handset unit.

ans: I have already passed this information to my client.

2. Please provide the Schematic diagram for the RF module (for both the Base and Handset if different).

ans: Please find the attachment for Schematic diagram for the RF module.

Dear Vicky Liu,

You are listed as the Technical Contact for the above referenced TCB application.
The following item(s) need(s) to be resolved before the review can be continued:

8/29/2007

1. In accordance with FCC 15.214, Cordless Telephone Systems are allowed to be approved under one FCC ID number. However, it is also stated that: When a single application form is submitted, both the base station and the portable handset must carry the same FCC identifier. The label exhibit submitted only shows the FCC ID label and location for the base unit. Please also submit the FCC label and location exhibit for the handset unit.

2. Please provide the Schematic diagram for the RF module (for both the Base and Handset if different).

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Best regards,

Chris Harvey
