
Limited Module Approval Request Letter

Subject: Limited Module Approval

Date: 2012/2/21

FCC ID: DC9OPMWWL

Dear Reviewer,

We, Sporton International Inc., are authorized by OPTEX CO., LTD. to have their state-of-the-art Microwave Module approved under limited module approval authorization. The application of this module is specified to mobile host equipment. The requirements regulated in Public Notice DA00-1407 have been fulfilled and clearly explained below.

1. The requirement of RF shielding: The shielding of the radio portion can be demonstrated in exhibition External Photo.
2. The requirements of section 15.203 and 15.204(C): The requirements of antenna connector and spurious emission have been fulfilled. Please reference the exhibition Test Report.
3. The requirement of stand-alone test configuration: Please reference exhibition Test Configuration Photo for the stand-alone test configuration.
4. The requirement of labeling: The instruction on the labeling rule of the end product has been stated in the users manual of this module. Please also see the exhibition Label Sample.
5. The requirement of compliance on specific rule or operating requirements: The required FCC rule has been fulfilled and all the instructions for maintaining compliance has been clearly stated in the Users Manual.
6. The requirement of RF exposure: N/A as exempted due to low output power.

Below items have not been fulfilled in module approval request:

1. The requirement of buffered inputs: Not applicable (CW)
2. The requirement of power supply regulation: No own power regulator mounted. Module only to be operated with(in) host devices where a stable power of 2.2 +/- 0.2 V DC can be assured under all operating conditions.

Please do not hesitate to contact me for any questions of this request letter. Thank you.
