

## DD4P4T Cover Letter Two

Ladies or Gentleman;

I am writing with reference to a Form 731 submission that was filed on the 13<sup>th</sup> of October 1999 for a transmitter with a FCC identifier of DD4P4T and a confirmation number of EA95649. I wish to have a correction made to the Equipment Specifications, Frequency range in MHz. Section.

The range listed is 722 to 806MHz. I wish to have this corrected to read **720 to 806MHz**.

Thank you for your assistance with this matter
