Engineering Statement

I ATTEST: This equipment has been tested in accordance with the requirements contained in the appropriate Commission regulations. To the best of my knowledge, these tests were performed using measurement procedures consistent with industry or Commission standards and demonstrate that the equipment complies with the appropriate standards. Each unit manufactured, imported, or marketed, as defined in the Commission's regulations, will conform to the sample(s) tested within the variations that can be expected due to quantity production and testing on a statistical basis. I further certify that the necessary measurements were made by the BZT Privat CETECOM GmbH laboratory, 66117 Saarbrücken, Germany, Telephone 49-681-598-9000, FAX 49-681-598-9075; an Accredited testing laboratory whose qualifications are a matter of record with the Equipment Authorization Division of the FCC.

I FURTHER ATTEST: on the basis of the measurements made, the equipment tested is capable of operation in accordance with the requirements of Part 15 of the FCC Rules under normal use and maintenance.

Edgar C. Reihl July 15, 1998
