Shure Incorporated

Cover Letter

FCC ID: DD4ULXD6J50
Date: Nov 02, 2016

1. USB function explanation

The USB port is only used for charging and end users are not able to connect to PC for data transmission via USB port.

So this device didn't perform Part 15B testing, and FCC logo shouldn't be on the label.

2. Model Difference

Model No.: ULXD6/C J50, ULXD6/O J50

The difference between ULXD6/C J50 and ULXD6/O J50 is that the EUT has different built-in MIC, the other was the same.

Your understanding will be highly appreciated.

Sincerely,

Name: Amy Li
Position: Manager
