Conducted Emissions

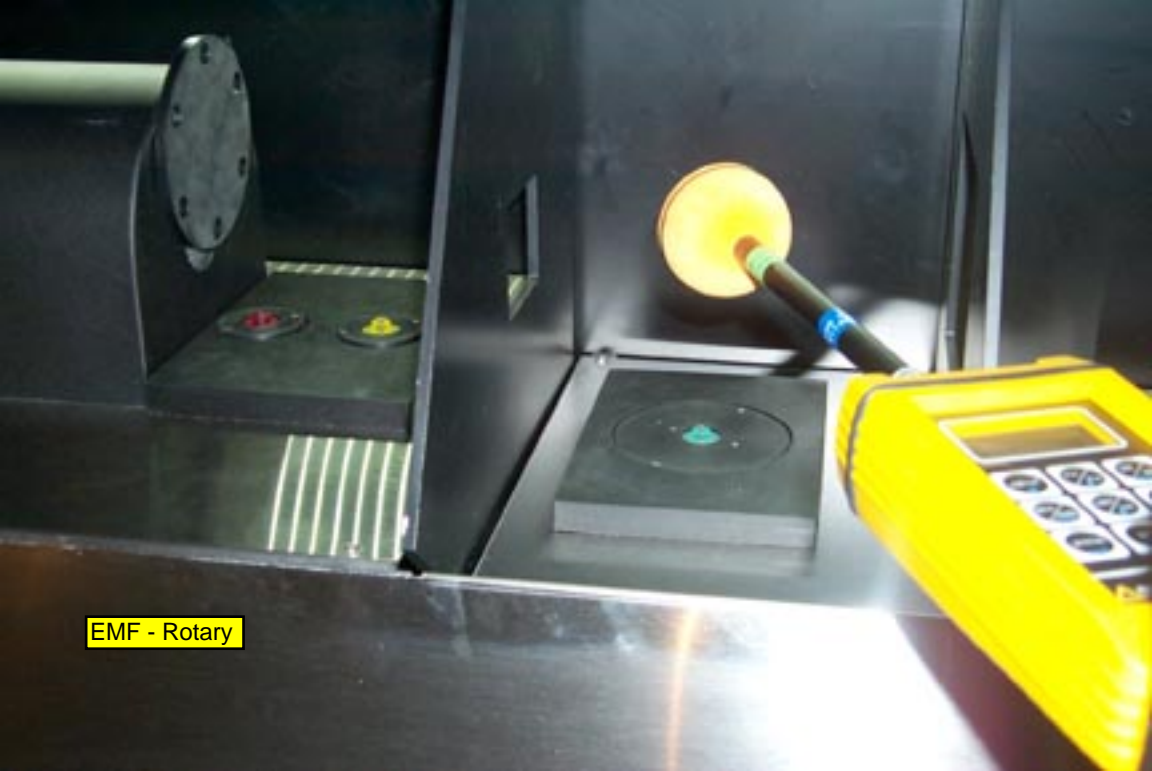

Radiated Emissions

A piece of electronic equipment, possibly a computer monitor or a specialized device, is positioned in the center of an anechoic chamber. The chamber's walls are lined with dark, pyramid-shaped electromagnetic absorbers. The equipment has a dark upper section with a glowing screen and a red indicator light, and a lighter, metallic-looking lower section. A red laser beam is directed at the equipment from the right, and a blue laser beam is visible on the floor in the foreground. The floor is a light-colored, circular platform. A yellow text box is overlaid in the bottom left corner.

Radiated Emissions - High

Radiated Emissions Low

EMF - Rotary

EMF - Front
