

**Alpha 6  
FCC Equipment ID Plate**

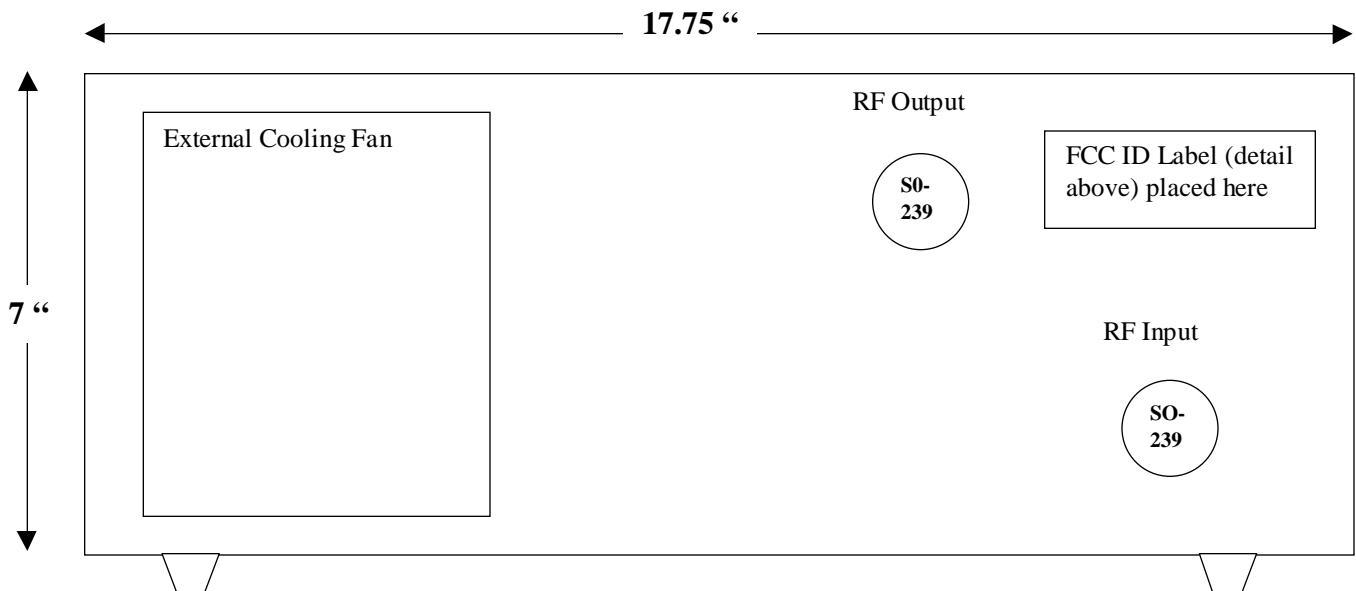

**Note: The drawings contained herein are not to scale. They are shown in expanded view for clarification purposes only.**

**Figure 1. Details of Alpha 6 FCC ID Equipment Label**

The Proposed FCC ID is **DGVPA06**. The details of the Label are displayed in Figure 1 above. The FCC ID will be printed in black block lettering on the gold-anodized chassis finish in Arial font size of eight-point (or greater).

The FCC ID number will be located on the outside of the Rear panel of the Amplifier in proximity to the RF Input and RF Output connectors (both SO-239) as shown in Figure 2 below.
