

Critical Component of MHNTLT(TX)

Component	Part Number	Description
2N3904	Q4	BUZZER drive
MMBT2222A	Q1,Q2	Low battery detect, Generate about 1.5Hz wave for low battery circuitry
THERMISTOR 103AT-2	TH1	TH1 works with R4,R9 as temperature sensor
TOUCH PAD	On/off	Input command
DIP switch (4)	SW1	Generate different address code
RF transistor 2SC3838	Q3	Modulator
SAW RESONATOR NMR350 (350MHz)	Y3	Generate oscillation of RF frequency 350MHz
