American Innovations, Ltd
12211 Technology Blvd
Austin, Tx 78727

Attn: Director of Certification

FCC ID: DJU626733

ISED certification number: **IC: 2466B-626733**

HVINs/Models: RM520C and RM540C

Family Certification request letter

We hereby request Family Certification for the above mentioned HVINs/Models based on them being electrically, and physically identical apart from model name/number.

1. Models are electrically identical (or circuitry, components, layout are identical)
2. Models have the same antenna type and gain.
3. Models use the same enclosures.
4. Models differ by setting slide selector switch position. The slide switch is used to select which input ports are available for end application use.

Sincerely,

Signed by:
