Columbia, MD 21046

RE: FCC ID: DKN74Z

To Whom It May Concern:

The USB2.0 port on the ID:071 product is not used for peripheral data communication with any computer type devices. The USB2.0 port is used to connect multimedia devices for transfer of data to and from the device. Other portions of the product not related to the radio circuits are tested to and comply with the FCC's Verification Authorization procedure.

Sincerely,

Ian Schroeder  
Regulatory Compliance Engineer  
EchoStar Technologies L.L.C.
