Singapore	Complies with IMDA Standards DB100582		-
General	IPX4*		-

* Protection rating according to International Protection Marking (IP code), IEC standard 60529. The earbuds were tested under controlled laboratory conditions. The earbuds are splash resistant for non-water sports and exercise. Splash resistance might decrease as a result of normal use. Do not charge wet earbuds. The charging case is not splash resistant. For more information, please refer to the instruction manual.
