Dear Sir:

We submit this Class 2 permissive change application for review in accordance with Part 15, Subpart C of the FCC rules.

The purpose for this filing is to allow for use of an alternate antenna for the LXE Model 4400L20 Transceiver. Testing was performed at LXE's test facility that has been fully described and submitted to the FCC.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Sam Wismer'. The signature is fluid and cursive.
