Dear Sir/Madam,

Cover Letter for Class II Permissive Change certification of FCC ID: DO4CP9

We are seeking modular approval for the radio device, Counterpoint IX system, pursuant to Part 15.212 and DA 00-1407 as a Class II Permissive Change certification because the system was previously certified as a standalone radio device under Part 15.223 (per FCC ID: DO4CP9 can be integrated into another enclosure as a module.

System compliance with Part 15.223 requirements subsists notwithstanding.

Thank you.
