RE: FCC ID: DZL-F00001

Dear Application Examiner:

We certified a product last week for Logitech Inc. (FCC ID:DZL-F00001).They contacted us yesterday and asked that we notify the FCC to get the grant dismissed. They have decided that they will not be marketing the product at this time and would like to have the filing pulled from the FCC database and the public record. The product has not been marketed or sold.

Best regards,

Northwest EMC, Inc.
