FCC Authorization and Evaluation Division
7434 Oakland Mills Road
Columbia, MD 21046

Subject: Cover Letter

To Whom It May Concern:

Logitech is requesting an original certification for our unlicensed transmitter designated as a Personal Area Network (PAN). The Logitech PAN will operate under FCC Part 15.249 and is comprised of a dongle transceiver unit (MN: F-0133B).

The dongle unit connects to a cellular/mobile (e.g. GSM) telephone, and constitutes the remote transceiver unit for communication with the matched headset. The dongle unit connects to the input port of the cellular/mobile phone.

Logitech's PAN will be utilizing the frequency range of 917MHz – 921MHz and employing a FSK modulation scheme.

If further clarification of Logitech's PAN is needed, please feel free to contact me at (360) 944-3708, via e-mail at Mitchell_phillipi@logitech.com, or fax (360) 896-2020.

Sincerely,

A rectangular area containing a handwritten signature in blue ink that reads "Mitchell A. Phillipi" and a date "6/5/03" written to the right of the signature.
