FCC Authorization and Evaluation Division
7434 Oakland Mills Road
Columbia, MD 21046

Subject: Cover Letter

To Whom It May Concern:

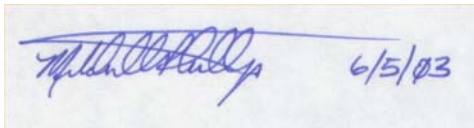

Logitech is requesting an original certification for our unlicensed transmitter designated as a Personal Area Network (PAN). The Logitech PAN will operate under FCC Part 15.249 and is comprised of a head mounted transceiver unit (F-013XB).

The head mounted transceiver is a low power, battery powered, cordless transceiver which is designed to be worn over the ear of the user to enable a two-way transmission with the dongle unit.

Logitech's PAN will be utilizing the frequency range of 917MHz – 921MHz and employing a FSK modulation scheme.

If further clarification of Logitech's PAN is needed, please feel free to contact me at (360) 944-3708, via e-mail at Mitchell_phillipi@logitech.com, or fax (360) 896-2020.

Sincerely,

A handwritten signature in blue ink, followed by the date "6/5/03" written in blue ink.

Mitchell A. Phillipi
Sr. Compliance Engineer
Logitech, Inc.
