Protect your hearing Listening advice to avoid hearing damage

Listening via headphones, earbuds, or headsets at a high volume may cause permanent hearing loss to occur. The louder ne volume, the less time is required before your hearing could be affected.

To establish a safe volume level:

• Start your equipment with the volume control at its lowest setting. • Slowly increase the sound until you can hear it comfortably and clearly, and without distortion.

• Avoid setting the volume at a level that prevents you from hearing conversations and other similar noises around you. nce you have established a comfortable sound level, leave it there. If you experience a ringing in your ears, discomfort or muffled speech, reduce the volume or stop listening and have your hearing checked. See the product support page on the Logitech website www.logitech.com for additional information.

Disposal guidelines at product end of life

Some Logitech products use non-serviceable, nickel-metal hydride (NiMH) batteries, which should last the duration of a roduct's warranty period under normal use. Please do NOT attempt to change the battery yourself. If the battery has died and you do not want Logitech to replace the battery, you should follow the disposal instructions in the documentaion that accompanies your product. Also consult local laws and regulations for the proper disposal of batteries and electronic devices in your region. If there are no local regulations concerning electronic waste disposal, place your product and its battery) in a waste bin for electronic devices.

Caution: Battery Warning! There is a risk of explosion, fire, or chemical burns if a battery is replaced by incorrect type, mutilated, or exposed to conducting materials, liquid, fire, or heat (above 54° C or 130° F). Do not use or recharge a damaged rechargeable battery. Do not use or charge a battery if it appears to be leaking, discolored, deformed, or in any ray abnormal. Do not leave a battery discharged or unused for extended periods of time. Do not mix battery types. When a battery is misused, it may explode or leak, causing burns and personal injury. If a battery leaks, use normal precaution and discard it immediately following the local laws and regulations in your area

Power supply warning: Caution electric shock/fire hazard! For indoor use only. Do not expose to moisture, liquid, or heat. Do not use any other power supply with your Logitech product.

Only use approved attachments and accessories specified by Logitech.

 Refer all servicing and repair to gualified service personnel. Servicing is required when your product does not operate normally, the power cord/plug has been damaged, the product has been exposed to water, rain, liquid, or moisture, the product has been dropped, or an object has been inserted into a product port or vent. • For portable products or products weighing less than 7 kg (15 lbs), the product label may be found on the product stand, under a lid, or on the bottom of the product itself
