Rule Part	15.247 15.407

Overview

This application is for a Logitech, Inc. Model S-00112, FCC ID: DZLS00112, which is called Wireless Speaker Adapter for Intel (R) Wireless Music. The device is an 802.11a/g compliant transceiver. The device will not be capable of using the 802.11b frequency bands. Although the device is normally used with at least a 20 cm separation distance between the antenna and all persons, the output power of the device is low enough to meet the requirements of a portable device, without routine RF exposure evaluation.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

Short term confidentiality requested.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
