

WARNING I
Some experts believe that use of any keyboard may cause serious injury to hands, wrists, arms, neck or back, if you feel pain, numbness, weakness or other signs see a qualified health professional.
TO REDUCE THE RISKS OF SUCH INJURIES FOLLOW THESE PRECAUTIONS:

- Take frequent short breaks. Get up and walk around at least a couple of times every hour.
- Vary your tasks throughout the day.
- Keep your shoulders relaxed with your elbows at your side.
- Position your keyboard and mouse so you don't have to reach.
- Adjust your chair and keyboard so your wrists are straight.
- Avoid resting your wrists on hard edges. If you use a wrist or palm rest don't use it while typing.

For additional information that may reduce your risk of injury read the Comfort Guidelines included with this keyboard. If you need an additional copy of the comfort guidelines call Logitech's Customer Support. Refer to user's guides, or visit our web site at www.logitech.com/comfort
