Re: Supersede request for FCC ID: E2K-DWBT2; Granted on: Aug/06/2009

To Whom It May Concern:

We regret to inform you that due to internal process error, we have submitted the inappropriate ID Label / Location Info exhibit to the filling.

Since our client request to hide external and internal photo for a period, but they use real picture of EUT to show label location. So we would like to request the FCC to supersede the exhibit described as "Label Sample and location Module" outlined below with red color.
