Hi Celina,

Please address following issues.

Q#1: Please provide readable label format. Noted that this module is also subject to FCC Part 15B that either FCC DOC or certification rule should be followed. If DOC rule is followed, FCC DOC logo shall be affixed. Please address.

**Ans 1: The Label Format has been revised, please see attached file.**

Q#2: Test report can't be kept for short-term confidentiality. Please remove it from the list. FYI, if you combine the short term confidentiality list with long-term in a form, then it's no need to submit a separate request letter for long-term confidential list.

**Ans 2: The new Authorization Letter and confidentiality Letter has been revised, please see attached file.**

Q#3: Please update the modular approval request letter per 15.212. The format was sent to "Application mail box" two months ago.

**Ans 3: The Module approval Letter has been revised, please see attached file.**

Q#4: Please separate external and internal photos in two files.

**Ans 4: The spearated external and internal photso files, please see attached file.**

Q#5: As indicated in the operational description, this WLAN is 802.11abg module which doesn't agree with the application. Please address.

**Ans 5: The module only has 802.11b/g function, the 802.11a was disabile by software.**

Q#6: Test description as indicated in the test report doesn't agree with test setup photo  
Please address.

Ans 6: The EUT connected with Notebook PC via test jig. The DC Power source is using for test jig. please see page 11  
of test report.

Best Regards,

Lucy Tsai  
CCS
