To Whom It May Concern,

Pursuant to the provisions of Sections 0.457 and 0.459 of the Commission's rules (47CFR§§0.457, 0.459), we are requesting the Commission to withhold the following attachment(s) as confidential document(s) from public disclosure indefinitely.

- Operational Description
- Tune-up Procedure

The document(s) mentioned above contain detailed system and equipment descriptions related to the operation of the equipment and are considered proprietary. Public disclosure of above document(s) may constitute as being harmful to our company and would give competitors an unfair advantage in the market.

In addition to the aforementioned document(s), pursuant to Public Notice DA 04-1705 of the Commission's policy regarding the marketing regulations identified in 47 CFT §2.803 and the importation rules identified in 47 CFR §2.1204, while ensuring that business sensitive information remains confidential until the actual marketing of a newly authorized device, we are also requesting the Commission to grant short-term confidentiality on the following attachment(s) for 180 days after the official grant process as outlined in Public Notice DA 04-1705.

- Test Setup Photos

It is our understanding that all related information such as measurement test reports, FCC ID labelling, and correspondence during the certification review process cannot be granted as confidential and this information will be available for public view once the grant of the equipment authorization has been issued.
