

APPENDIX B – TEST PHOTOGRAPHS

The Radiated Test Picture and show the worst-case configuration and cable placement.

- Radiated Test Picture(X-Horizontal)

Final Measurements were EUT at 3m test range using Logbicon Super Antenna (ARA, LBP-2520/A) and horn antenna.(Electro-Metrics RGA-60)

- Radiated Test Picture(X-Vertical)

Final Measurements were EUT at 3m test range using Logbicon Super Antenna (ARA, LBP-2520/A) and horn antenna.(Electro-Metrics RGA-60)

The Radiated Test Picture and show the worst-case configuration and cable placement.

- Radiated Test Picture(Y-Horizontal)

Final Measurements were EUT at 3m test range using Logbicon Super Antenna (ARA, LBP-2520/A) and horn antenna.(Electro-Metrics RGA-60)

- Radiated Test Picture(Y-Vertical)

Final Measurements were EUT at 3m test range using Logbicon Super Antenna (ARA, LBP-2520/A) and horn antenna.(Electro-Metrics RGA-60)

The Radiated Test Picture and show the worst-case configuration and cable placement.

- Radiated Test Picture(Z-Horizontal)

Final Measurements were EUT at 3m test range using Logbicon Super Antenna (ARA, LBP-2520/A) and horn antenna.(Electro-Metrics RGA-60)

- Radiated Test Picture(Z-Vertical)

Final Measurements were EUT at 3m test range using Logbicon Super Antenna (ARA, LBP-2520/A) and horn antenna.(Electro-Metrics RGA-60)
