In re:

Request for Confidentiality

Gentlemen:

In accordance with 0.459 of CFR 47, SAMSUNG ELECTRO-MECHANICS hereby requests confidentiality of Schematics, Block Diagrams, Parts List, and Theory of Operation for the subject application.

These documents contain detailed system and equipment description and related information about the product that SAMSUNG ELECTRO-MECHANICS considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, SAMSUNG ELECTRO-MECHANICS considers that this information would be of benefit to its competitors, and that disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely

Kwang-Woo Seo

Sr. Manager, WLAN R&D Group
