

User's Manual

SLIM WIRELESS CHARGER SWP-TT100

- Please read this manual thoroughly before use to ensure that you use the product safely and properly.
- The images in this manual may be different from the actual product, and the contents are subject to change without notice for performance improvement.

Device layout

Wireless charging Surface

Indicator light

Multipurpose jack
(Micro USB 5-Pin)

How to use

- Connect a Micro USB 5-Pin Adaptor to the Slim Wireless Charger. Micro USB 5-Pin Adaptor is not included, and the adaptor must be certified for 5V/2A.
- Place a wireless device on top of the Slim Wireless Charger, and charging begins when the LED light flashes in green. (Charging in progress)
The wireless device should be placed on the right position for optimum performance.

LED Status Display

Status	LED Display	
	Green	Red
Standby	Off	
Charging	Flashing	-
Charging Complete	On	-
Abnormal	-	On
Impurities (Metal)	-	Flashing Fast
Insufficient Power	Flashing in Orange	

- ※ In case of abnormal status: Adjust the position of wireless device.
- ※ In case of impurities (metal): Please check if there is an impurity (metal) between the wireless device and Slim Wireless Charger.
- ※ In case of insufficient power: Use a certified 5V/2A adaptor.

Considerations

Please read the included user's manual thoroughly before using this product.

The receiver pad required to use this product, besides the wireless device with Qi feature, is not included.

Do not touch the product with wet hands.

Protect the product from severe impact, e.g. dropping the product.

Use the product between 5°C~35°C, and avoid temperatures that are too low or too high when storing the product.

Protect the connection parts (connection port and plug) from conductive impurities (liquid, dust, metal powder, lead, etc).

Keep out of the reach of children or pets as they may suck or chew the product.

Do not randomly renovate, disassemble, or repair the product.

Items that contain information in magnetic strips such as credit cards, phone cards, bank books, and tickets may be damaged by the product's magnetic force.
