OMRON P.O. No. 04AC003

September 24, 2004

Subject: Request for non-Disclosure of Confidential Information in our FCC application Certificate under FCC part 15 for OMRON V640-HAM12 & V640-HS62 RFID system.

To Whom It May Concern:

OMRON requests that the files listed below as confidential be withheld indefinitely from public inspection on the ground that they disclose confidential commercial information protected under the Freedom of information Act, 5 U.S.C.. Section 552(b)(4) and trade secrets protected under 18 U.S.C. Section 1905.

This request is made in accordance with the FCC Rules 0.457 and 0.459 regarding materials and information submitted to the Commission that is to be withheld from public inspection.

Specifically, the materials contain detailed specifications for a Radio Frequency Identification technology known only to OMRON. Non-disclosure of this information is essential if OMRON is to protect its trade secrets in this technology and prevent substantial economic injury to its business.
