**Request for Acceptance of Short-Term Confidentiality Request**

March 23, 2006

Federal Communication Commission  
Equipment Authorization Division  
Application Processing Branch  
7435 Oakland Mills Road  
Columbia, Maryland 21046

RE: Certification Application  
FCC ID: E52B5J0452

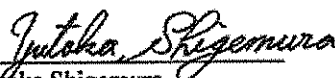

To Whom It May Concern:

Please be advised that Kyocera Mita Corporation would like to request 45 days short-term confidentiality for the FCC ID E52B5J0452, which was granted on January 27, 2006.

1. The reason for requesting the short-term confidentiality is because the application contains technical information, which Kyocera Mita Corporation deems to be trade secrets and proprietary. If made public, the information might be used to the disadvantage of the applicant in the market place.
2. We understand and acknowledge that the documents that are to be covered by the short-term confidentiality have been in public view since the issue of the grant and any disclosure of information contained in those documents prior to the institution of the short-term confidentiality is out of the control of the FCC or the TCB issuing the grant.
3. We acknowledge that the oversight/error was entirely that of the applicant and that the FCC and the TCB issuing the grant have no responsibility in that oversight.
4. Following are the documents for which we would like to request short-term confidentiality, referring to the FCC rules 0.457 and 0.459:
  - External Photos
  - Internal Photos
  - Test Setup Photos
  - Installation Manual
5. The device FCC ID E52B5J0452 is not yet being marketed, nor has it been on the market.

Thank you for your attention to this matter.

Sincerely,

  
Yufaka Shigemura  
Manager  
Reliability Assurance Department
