Applicant: Microwave Data Systems Inc.
Product: EL806 Data Transceiver

FCC ID: E5MDS-EL806

Dear Sir/Madam,

This FCC Class 2 permissive change is being requested due to MDS integrating the "Limited Modular Approval" E5MDS-EL806 transceiver inside a MAXRAD 9dBi panel antenna, and designed an interface circuit board with a Power Over Ethernet connection. This Panel antenna was not initially listed on the EL806 LMA grant.

All FCC testing to show compliance has been completed and is being submitted with this Class 2 change request.
