**Subject: GE MDS SD2 digital radio tune-up procedure**

**Applicant: GE MDS LLC.**

**Product: MDS SD2**

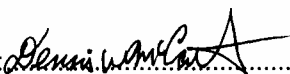

**FCC ID: E5MDS-SD2**

Dear Sir/Madam,

The SD2 radio is digitally controlled and requires no mechanical calibration. The RF output power is constantly under a closed-loop software power control, referenced against factory calibration points.

This letter serves as attestation supporting evidence.

Yours truly,

Signed:  ..... Name: Dennis McCarthy .....
