RE: Microwave Data Systems  
FCC ID: E5MDS9710N-1

1) It is uncertain why mask H is being justified as not applicable, when compliance to other masks G and J are shown to be in compliance. Also the previous versions of this device tested for masks without audio low pass filter as well, however H was not required for bands cited for operation at that time.

**Response: Plots showing compliance to Emission Mask H have been uploaded.**

Regards,

A handwritten signature in black ink that reads "Juan Martinez".
