

# TABLE OF CONTENTS

| Par.<br>No.                                  | Section 1<br>General Description                                       | Page<br>No. |
|--|--|-------------|
| 1-1  | Introduction.....  | 1-1         |
| 1-2  | General Description.....   | 1-1         |
| 1-3  | Functional and Physical Specifications.....                            | 1-2         |
| 1-4  | Equipment Changes.....   | 1-2         |
| 1-5  | Ordering Information.....  | 1-2         |
| <b>Section 2<br/>Installation</b>            |  |             |
| 2-1  | Introduction.....  | 2-1         |
| 2-2  | Electrical Service Recommendations.....                                | 2-1         |
| 2-3  | Unpacking and Inspection.....  | 2-1         |
| 2-4  | Installation Instructions.....   | 2-2         |
| 2-5  | J1 SYSTEM ALARM Connector.....   | 2-5         |
| 2-6  | J7 RS485 Connector.....  | 2-6         |
| 2-7  | J8 MICRO-PROCESSOR INTERFACE Connector.....                            | 2-7         |
| 2-8  | Amplifier Module Status, Alarm, Control, and Power Connector.....      | 2-8         |
| 2-9  | Amplifier Module RF Connector.....                                     | 2-9         |
| <b>Section 3<br/>Operating Instructions</b>  |  |             |
| 3-1  | Introduction.....  | 3-1         |
| 3-2  | Location and Function of Amplifier Module Controls and Indicators..... | 3-1         |
| 3-3  | Initial Start-Up and Operating Procedures.....                         | 3-5         |
| <b>Section 4<br/>Principles of Operation</b> |  |             |
| 4-1  | Introduction.....  | 4-1         |
| 4-2  | RF Input Signal.....   | 4-1         |
| 4-3  | RF Output Load.....  | 4-1         |
| 4-4  | System Functional Description.....                                     | 4-1         |
| 4-5  | MCR20XX Series (NTL107AC) Subrack.....                                 | 4-2         |
| 4-6  | G3X-800 Series (NTL107AA) Amplifier Module.....                        | 4-3         |
| 4-6.1  | Main Amplifier.....  | 4-4         |
| 4-6.2  | Error Amplifier.....   | 4-4         |
| 4-6.3  | Amplifier Monitoring.....  | 4-4         |
| 4-6.4  | Amplifier Module Cooling.....  | 4-4         |
| 4-7  | Power Distribution.....  | 4-4         |
| 4-8  | Intermodulation.....   | 4-4         |
| 4-8.1  | Two Tone Intermodulation.....  | 4-5         |
| 4-8.2  | Multitone Intermodulation.....   | 4-5         |
| 4-9  | Alarms.....  | 4-5         |

## TABLE OF CONTENTS (Continued)

| <u>Par.<br/>No.</u> | Section 5<br>Maintenance                               | Page<br><u>No.</u> |
|---------------------|--|--------------------|
| 5-1                 | Introduction .....                                     | 5-1                |
| 5-2                 | Periodic Maintenance .....                             | 5-1                |
| 5-3                 | Test Equipment Required For Test .....                 | 5-1                |
| 5-4                 | Cleaning Air Inlets/Outlets .....                      | 5-2                |
| 5-5                 | Performance Test .....                                 | 5-2                |
| 5-5.1               | Amplifier System Performance Test .....                | 5-2                |
| 5-6                 | Field Replaceable Parts and Modules .....              | 5-6                |
| 5-6.1               | G3X-800 Series (NTL107AA) Power Amplifier Module ..... | 5-6                |
| 5-6.2               | Cooling Fans .....                                     | 5-6                |

### Section 6 Troubleshooting

|       |                                    |     |
|-------|------------------------------------|-----|
| 6-1   | Introduction .....                 | 6-1 |
| 6-2   | Troubleshooting .....              | 6-1 |
| 6-3   | Return for Service Procedure ..... | 6-1 |
| 6-3.1 | Obtaining an RMA .....             | 6-1 |
| 6-3.2 | Repackaging for Shipment .....     | 6-1 |

### LIST OF ILLUSTRATIONS

| <u>Figure<br/>No.</u> |  | Page<br><u>No.</u> |
|-----------------------|--|--------------------|
| 1-1                   | G3X-800 Series (NTL107AA) Amplifier .....  | 1-3                |
| 1-2                   | MCR20XX Series (NTL107AC) Subrack with Two Amplifiers .....                          | 1-4                |
| 2-1                   | MCR20XX Series (NTL107AC) Subrack, Rear View .....                                   | 2-3                |
| 2-2                   | J1 SYSTEM ALARM Connector .....  | 2-5                |
| 2-3                   | J7 RS485 Connector .....   | 2-6                |
| 2-4                   | J8 MICRO-PROCESSOR INTERFACE Connector .....   | 2-7                |
| 2-5                   | DC and Logic Connector [on Rear of G3X-800 Series (NTL107AA) Amplifier Module] ..... | 2-8                |
| 2-6                   | Amplifier RF Connector .....   | 2-9                |
| 3-1                   | G3X-800 Series (NTL107AA) Amplifier Module Control and Indicators .....              | 3-1                |
| 4-1                   | MCR20XX Series (NTL107AC) Two Module Amplifier System .....                          | 4-2                |
| 4-2                   | G3X-800 Series (NTL107AA) Power Amplifier Module Functional Block Diagram .....      | 4-3                |
| 5-1                   | Amplifier System Test Setup Diagram .....  | 5-3                |

## LIST OF TABLES

| <u>Table No.</u> |   | <u>Page No.</u> |
|------------------|---|-----------------|
| 1-1              | Major System Components .....   | 1-2             |
| 1-2              | Generation 3.1 Multicarrier Cellular Amplifier System Functional Specifications ..... | 1-5             |
| 2-1              | MCR20XX Series Subrack Power, Monitor, Control, and Input/Output Connectors .....     | 2-2             |
| 2-2              | J1 SYSTEM ALARM Connector Definition .....  | 2-5             |
| 2-3              | J7 RS485 Connector Definition .....   | 2-6             |
| 2-4              | J8 MICRO-PROCESSOR INTERFACE Connector Definition .....                               | 2-7             |
| 2-5              | Amplifier Module DC and Logic Connector Definition .....                              | 2-8             |
| 2-6              | Amplifier RF Connector Definition .....   | 2-9             |
| 3-1              | Amplifier Module Status Indicators and RF Control.....                                | 3-2             |
| 3-2              | Amplifier Module Alarm Indicators.....  | 3-3             |
| 5-1              | Periodic Maintenance .....  | 5-1             |
| 5-2              | Test Equipment Required.....  | 5-2             |
| 5-3              | Multicarrier Cellular Amplifier System Test Data Sheet.....                           | 5-5             |
| 6-1              | Troubleshooting.....  | 6-1             |
