

## Non-Conformities FCC ID: E675JS0097 (CKC CS Ref # E07-000131-FCC-01)

The items listed below represent requests for information following review of this application for certification under United States (FCC) regulations. Further question may arise pending review of responses to these items.

<b>OK</b>	<b>#</b>	<b>Non-Conformity or Comment</b>	<b>Submitted Response</b>	<b>Respondent / Date of Response</b>
	*	FCC Notes: Ref KDB 754507		
X	1	The application form and the ID Label information indicate FCC ID: E675JS0097, however the confidentiality letter references E675JS0087. Please clarify which is correct and submit corrections as necessary.	A revised confidentiality letter has been uploaded.	
X	2	Please separate the external photos which show the external views of the subrack from the provided internal photos exhibit.	The photos have been separated and uploaded.	
X	3	Please clarify power output measurements on page: output power measurements are not aggregate conducted - eg power is measured per individual carrier per subrack?	Yes per subrack. Each subrack has its own RF output port where power was measured.	
X	4	The output power listing for F9W emissions is listed on the application for as 640 W, however the test report states only 500 W. Please confirm which is correct.	500 W is correct.
