Re: Tune-up Procedure

To Whom It May Concern:

In reference to the application under FCC ID: E675JS0110 as required by rule part 2.1033(c)(9) please be advised that there is no tune-up procedure for this product. All tuning is performed in the factory prior to shipment and there are no operator adjustable controls.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jeffrey A. Dale', written in a cursive style.
