KT-1332 Bluetooth Keyboard User Manual

* FCC:

Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Federal Communications Commission Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference; and
- This device must accept any interference received including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with manufacturer's instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

WARNING: Use only shielded cables to connect I/O devices to this equipment. You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

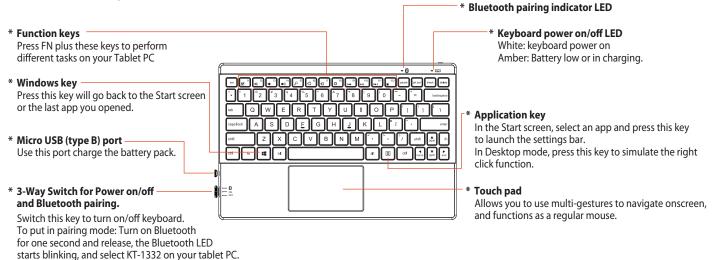

* CE Statement of Compliance with EU Directive

This device complies with the essential requirements of the R&TTE Directive 1999/5/EC.

This device is a 2.4 GHz wideband transmission system (transceiver) intended for use in all EU member states and EFTA countries.

Operating / Storage temperature: $0^{\circ}\text{C} \sim +40^{\circ}\text{C}$ / $-40^{\circ}\text{C} \sim +65^{\circ}\text{C}$.

A. Hardware setup

B. Touchpad gestures

1. Finger slide

Slide your finger across the touchpad to move the pointer.

2. Right edge swipe

Swipe from the right edge to launch the Charms bar.

3. Tap/Double tap
