

LABEL ATTESTATION

6/15/2017

Gentlemen:

This letter is to attest that the FCC ID font size would be less than 4pt if silkscreened on the PCB in a single line and therefore the FCC ID is broken into 2 lines and silkscreened on the PCB due to the size of the available surface area for this transceiver. Additionally, we have contained the FCC ID in the Users Instructions on a single line. To satisfy the specified requirements in CFR Title 47 §2.925(1)

If you have any questions feel free to contact me +1 (760) 438-7179

Sincerely,

Josh Hansen
Engineering Manager, Regulatory
