

STATEMENT OF ATTESTATION

GDO 98 Garage Door Receiver

FCC ID: EF4 AAE00406

This receiver is a superregenerative radio receiver designed to be used as a remote control for a garage door residential installation. It is compatible with any of the 318 MHz MEGADOR format transmitters.

This equipment has been tested in accordance with the requirements contained in the appropriate Commission regulations. To the best of my knowledge, these tests were performed using measurement procedures consistent with industry or commission standards and demonstrate that the equipment complies with the appropriate standards. Each unit manufactured, imported or marketed, as defined in the Commission's regulations, will conform to the sample(s) tested within the variations that can be expected due to quantity production and testing on a statistical basis.

I further certify that the necessary measurements were made by Linear Corporation, 2055 Corte Del Nogal, Carlsbad, CA., 92009.
